

It is with deep sadness that we have to announce that our member of the Board of the Management, responsible for Sales and Marketing of the Export., passed away totally unexpectedly at the age of 56.

Claude Schellenberger

June 13th, 1954 – February 18th, 2010

Being on a business trip in Doha, Qatar, he collapsed while jogging in the early morning and passed away.

For 15 years he has dedicated his great competence, his charisma and his enormous passion to the success of Felchlin Switzerland. By his outstanding commitment to partners and customers, he was a great and competent support to their success. Claude will cause an insuperable loss for all of us not only with regard to his exceptional work effort and his innovative strength, but also as a person and dear friend. We will terribly miss him.

By the untimely death of Claude Schellenberger, the world of chocolate has lost a passionate and outstanding personality. He was a great asset to our company for all the years he was with us. We shall remember Claude Schellenberger with the greatest respect and affection.

In deep grief

Felchlin Switzerland
