EXCLUSIVELY DISTRIBUTED
BY SWISS CHALET FINE FOODS

Swiss Chalet is proud to introduce its exclusive distribution of Darbo Preserves to the US markets.

In 1879, when Rudolf Darbo laid the foundations for his "fruit steamery," he created what is now one of the most successful companies in Austria's history. Today Darbo has grown to become the number one supplier of fine fruit preserves and honey in the food sector.

Darbo All Natural Preserves stand above the rest in both quality and presentation. At Darbo, only the best fruits are selected from the world's most famous growing regions and prepared using old family recipes. The fruit is carefully heated to maintain its natural aromas. Finally it is packaged in attractive glass jars for your guests to enjoy!
